Foreword

"Onward and upward to higher horizons," our class motto, expresses not only our future goals, but also our past years and experiences in high school. Our climb through high school has been both educational and enjoyable. On the following pages of this yearbook we have attempted to show some of the highlights of our school years. These years have been a series of steps for us. Through the guidance of our teachers we have now reached the top of this flight of stairs, but many steeper ascents lie ahead of us.

Dedication

For your leadership and guidance as our class advisor during our junior year, for your hours of diligent work and helpful ideas on our class projects, for your help and encouragement in our struggles with our bookkeeping, typing, and shorthand, for your ever-present smile and pleasant word, for your unswerving faith in us, we, the Class of 1960, dedicate this, our Lanconian, to you,

MISS VIRGINIA HALEY

ADMINISTRATION

Step by step we had a helping hand.

To The Class of 1960:

Graduation from high school is a milestone in your life, a good point at which to pause and take inventory. Your high school record is one evidence, and a very important one, of what you have accomplished. Some of the most important parts about you, however, are very difficult to show on a transcript. Are you industrious? thorough? and, above all trustworthy? Our world today has a crying need for people who can be trusted. As the King said, in the famous show, "The King and I,"

*"Unless someday somebody trust somebody
There'll be nothing left on earth excepting fishes."*

Best wishes to all of you,

It has been said that the American frontier has vanished with the American buffalo. The buffalo may have vanished but our frontiers do not vanish—they move, change or take on new dimensions. You, the seniors of 1960, are living on the threshold of the discovery and exploration of the greatest frontier of all time—outer space. It will be your generation who will be the pioneers of this great new vastness.

Your future and expectations are restricted only by your own limitations. This new era will demand greater self-discipline, more sacrifices, harder work and more intensive and extensive education than ever before in our nation's history. Only by committing yourselves wholeheartedly to the task can our country rise to the challenge of the future, and rise we must if we wish to remain a free people.

While the explorations of space will occupy a great deal of our national effort, you must not overlook the fact that there are constantly new frontiers to conquer right here on this earth. New challenges in engineering, medicine, science, education, and human relations are waiting to be solved. It behooves all of you to apply yourselves most diligently to your chosen fields of endeavor. The future of our country is in your hands. Guard it well!

Your motto, "Onward and upward to higher horizons," was wisely chosen. Keep your sights focused upward and you will have a rewarding future.

Educational Program—

ART

Under the supervision of Mrs. Shaffer, seventh grade art students receive a lesson in sketching living models. Art is now a major subject for many pupils in high school.

BUSINESS

As preparation for entering the business world soon after graduation, many students are helped by Miss Haley in the Typing, Shorthand, Bookkeeping and Office Practice courses.

DRIVER TRAINING

With the student's foot on the gas pedal and Mr. Budnovitch's near the extra brake pedal, we find many sixteen-year olds learning the fundamentals of driving.

GUIDANCE

Throughout our high school years Mr. Weaver has helped us plan our courses and now gives us suggestions for the future.

HOME ECONOMICS

Learning to be a good housekeeper is important to all girls. Starting with seventh grade, Mrs. Anderson teaches the girls to "boil water" and to darn socks.

INDUSTRIAL ARTS

"There's nothing like a man around the house," especially if he can fix that squeaky door and leaky pipe. Directed by "Doc" Eurich, the boys learn these valuable crafts.

LANGUAGE

Our language courses included English, German, and Latin taught by Mrs. Young, Mr. Graber, and Mr. Romasco.

MATHEMATICS

"There's a much easier way to do that problem," and Mr. Carfagno will be glad to show you how.

MUSIC

Mr. Biely has been trying to teach us to carry a tune since we entered seventh grade. It looks as though he has finally succeeded.

PHYSICAL EDUCATION

This year our physical ed program has been hindered by the lack of a gymnasium. We had classes under the direction of Miss Morris and Mr. High when it was possible to go outside.

SCIENCE

Remember the explosion in Mr. Resetar's room four years ago? It was only the beginning of the scientific career of the Class of 1960. "Coach" Hader teaches Physics and Chemistry.

SOCIAL STUDIES

Included in this department are courses in Civics, U. S. History, World History, and Problems of Democracy taught by Mrs. Young and Mr. Keenan.

SENIORS

One flight has been completed.

What do Seniors do in study hall?

A cold day in 12A English class.

Anybody want a slightly burned marshmallow?
Andrea, Ron Loretta, and Ed are busy doing "chemistry."

The Seniors say 'Farewell' to another day.

A School Day with Some of the Seniors

CHEMISTRY CLASS

You think the picture to the left shows seniors doing an experiment? You're wrong. Ron Yerkes is finally learning to brew a decent cup of coffee.

GYM CLASS

Fast-moving hockey game? Heavens no! It's a fake. We don't even have a hockey field this year!

BOOKKEEPING CLASS

It's rather doubtful that Kathy is learning anything about book-keeping.

ART CLASS

Seniors painting? Yes, indeed, but they always manage to get more paint on themselves than on their pictures.

ENGLISH CLASS

Is everybody really that interested in literature, or is it a P.O.D. test they're studying for? And what is that new novel Ed Creter is hiding inside his lit book?

P.O.D. CLASS

Cape Canaveral? No. One day Mr. Keenan wasn't there and there was a substitute teacher, and then and then

OFFICE PRACTICE

Filing cards? Yes, but they're playing cards too. Anybody for a game of Pinochle?

CLASS MEETING

Why is the secretary so fascinated by what the president has to say? Could be that she wants to be sure to include every little detail in the minutes? But then again it could be something else.

The History of Our Climb

Our freshman year loomed big and frightening when we first entered the doors of Schwenksville High School and began our climb upon the stairs in the fall of 1956. There was great excitement among us—as well as an overwhelming curiosity—as to what our high school career held in store for us. Our first class advisors were Mr. Hader and Mr. Mazza who were our friends and helpers as we began our ascent. At our first class meeting we elected the following officers: President, Ron Yerkes; Vice-President, Ed Creter; Secretary, Amy Golden; Treasurer, Joan Storkey.

Our class as a whole didn't participate in any extra-curricular activities, so we had plenty of time to become well-versed in our new subjects of Latin, Algebra, and Typing.

Our freshman year had been a success, and we had become a part of our Alma Mater.

The summer vacation passed all too quickly. In the fall of 1957 we returned to school as full-fledged members. No longer were we curious; it was our turn to enjoy the bewilderment of the incoming freshmen. As sophomores, our advisors were Mr. Resetar and Mr. Eurich. Early in the year we met and chose the following officers: President, Ed Creter; Vice-President, Dave Bogan; Secretary, Sue Rodenbaugh; Treasurer, Esther Cope.

We also chose our class colors, green and white, and the class flower, carnation.

On November 7, 1957, a much-awaited event occurred; we received our class rings which we still proudly wear.

On December 5, we held our first class dance, "Silver Bells". The stage was decorated as a winter scene with a chapel in the snowy woods.

1. We practice for our play, "Dear Ruth."
2. The Senior Beatniks at our dance "Beatniks Ball."
3. A class party at Sallie Kanengeish's.
4. Selling Easter candy was one of our big projects.

Blue and white crepe paper, adorned with silver bells, hung in the gymnasium.

Unexpectedly, as if by magic, the second step of our climb had been completed. Summer vacation was upon us; once more we left school to enjoy the holidays, but already we were looking forward to becoming juniors.

In 1958 we were juniors at last. Our class advisors were Miss Haley and Mr. Kroninger. In the beginning of the year we elected the following class officers: President, Don Yerkes; Vice-President, Ed Creter; Secretary, Sue Rodenbaugh; Treasurer, Sallie Kanengeiser.

Early in the fall we sponsored a class hayride and party at Carol Shankweiler's house to "break the ice" for a busy, fun-filled Junior year.

We sponsored two dances, "Paradise of the Deep" on January 17, and "April Showers" on March 23. Both dances provided a lot of fun for the entire student body and proved profitable for our class.

In February we staged an assembly, "School Days," in which we poked gentle fun at how we imagined the seniors acted in their chemistry class.

The big event of our junior year was the prom, at which the seniors were our honored guests.

Thus ended our junior year—a year full of projects, studies, and social engagements. We had grown physically, mentally, and emotionally. We looked forward to our last year in high school with quiet anticipation and slightly regretted that we were so close to the top of our flight of stairs.

Three years had passed so quickly, and sud-

The History of Our Climb

denly, we were seniors! The thought of no more homework was a pleasant one, but there was a tinge of sadness in the hearts of all of us, that in a short nine months our high school career would be completed. We chose our class officers with exceptional care. We were again helped by the able leadership of the *President*, Ron Yerkes; *Vice-President*, Ed Creter; *Secretary*, Pat Rawn; *Treasurer*, Ruth Ann Williams. Our class advisors were Mr. Graber and Mr. Carfagno.

In October and November we sponsored a Christmas card and candy sale which was very profitable to our class. Also in October the Multi-Purpose Room became an "expresso pad" and we held a dance entitled "Beatnik's Ball." On March 5 we attempted to bring back some of the memories of our high school life at the dance, "Remember When." In March and April the

seniors again became salesmen and went out to sell Easter candy.

On April 1 and 2, after a month of regular rehearsals for the cast, the play, "Dear Ruth" was successfully presented.

On May 18, 19, and 20, we spent three days packed with excitement and enjoyment in Washington.

Graduation was soon upon us—name cards, announcements, programs, Baccalaureate, Class Night, and finally the evening of Commencement. Speeches were given, Dr. D. L. Helfferich delivered the address, and we received our diplomas. Our four important years of high school are over, and we have completed one flight of stairs. We bid good-bye to Schwenksville High School and plan to proceed "Onward and upward to higher horizons."

The Class of 1961

The class of 1961 is bringing to a close a pleasant and very active junior year which we will long remember. A successful candy sale was held to raise funds for the Washington trip in our senior year. Two dances were presented in addition to the main event of the year, the Junior Prom.

Our first dance, "Hawaiian Illusion," occurring in January, conveyed all the exotic paradise of the Pacific. This was followed by another dance in March, "Spring Fever," which was very

gay and springlike. Both provided enjoyment to all who attended.

Due to circumstances caused by construction, no Junior Assembly was presented this year. The juniors have been planning a special program to compensate for this year's loss, which they hope to present next year.

The members of the Junior Class wish to extend their sincere wishes for blessings and happiness to the Senior Class.

In spite of difficulties caused by the building program during the year, the Student Council continued to prosper in its function as a faculty—student relationship organization. The primary task of the council this year was the revision and printing of the student handbook, a definite asset in acquainting the students with the policies of the school.

ACTIVITIES

Some fun along our climb.

Carol Davis, our prom queen.

Carol and Ron dance the Coronation Dance.

Junior Prom

On May 16, 1959, our ordinary gymnasium was transformed into a white-pillared "Enchanted Ballroom."

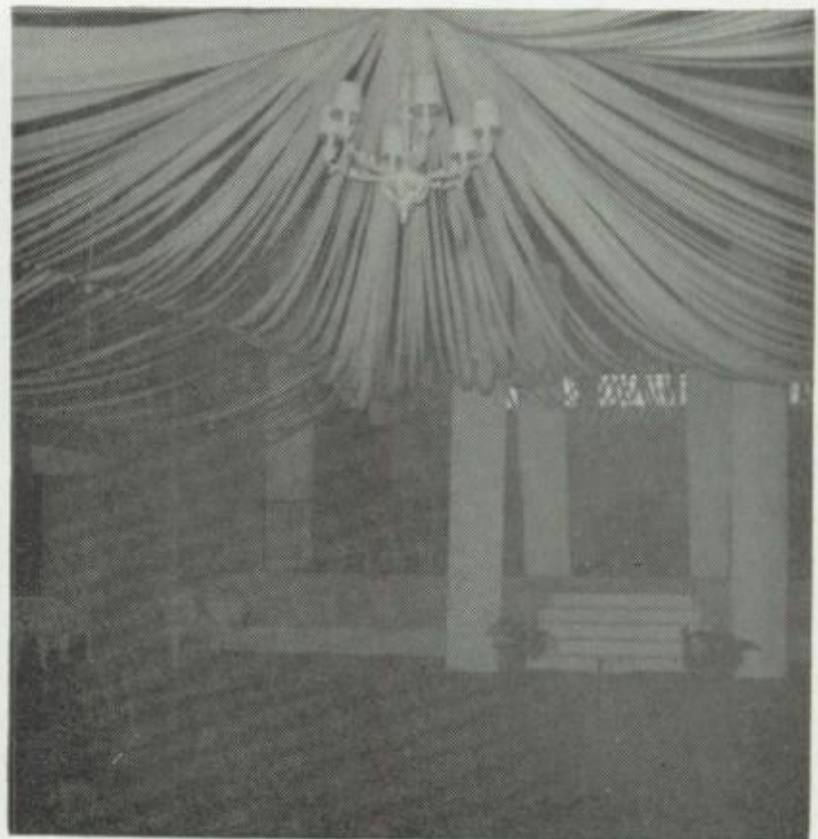

Guests attending the prom danced to the music of the Stardusters in an atmosphere of pale blue and white elegance. The stage served as a balcony from which the entrance to the ballroom was made. White streamers were used to create

a dome-effect, and from the center hung a huge, lighted chandelier.

The highlight of the evening was the crowning of the Prom Queen, Carol Davis, by our president, Ron Yerkes. After the crowning the President and the Queen danced the traditional coronation dance.

Before—we had just started to decorate.

After—we had finished decorating. The gym is ready for the big moment.

Post Prom Party

The Schwenksville Lions Club sponsored a party after the prom at the Spring Mount Firehouse for all junior and senior class members and their dates. The party began with a buffet supper at 12:30 p.m. We were entertained by a hypnotist and the music of the Jones Boys and

danced to popular records until 4:30 a.m., at which time we were served breakfast.

The members of the Class of 1960 express their gratitude and thanks to the Lions Club for a very enjoyable morning.

We spent many hours decorating the gym. Here we are amid crepe paper streamers working away.

Senior Play

"Dear Ruth," a comedy in two acts, was staged on Friday and Saturday nights, April 1 and 2, 1960, under the direction of Dallas S. Graber.

Set during the Second World War in the residence of Mr. and Mrs. Harry Wilkins, the play is concerned with a most embarrassing situation. Little did Miriam Wilkins know that Bill would come home to claim his "mythical" sweetheart when she wrote to him in her older sister Ruth's name. Poor Ruth is bewildered, and her fiance, Albert, is just a victim of circumstances. Harry and his wife Edith manage to come through the dilemma without too many scars. To coin a phrase, "All's fair in love and war."

Football

Although this year's Bluebirds did not fare too well in the won and lost column, winning one game and losing seven, the starting underclassmen gained valuable experience for their future seasons. Fortunately for the 1960 Bluebirds, they will lose only four lettermen by graduation. The biggest gap will be left by Co-captain Edward Creter, who led his team in scoring.

Considering the lack of experience of Mr.

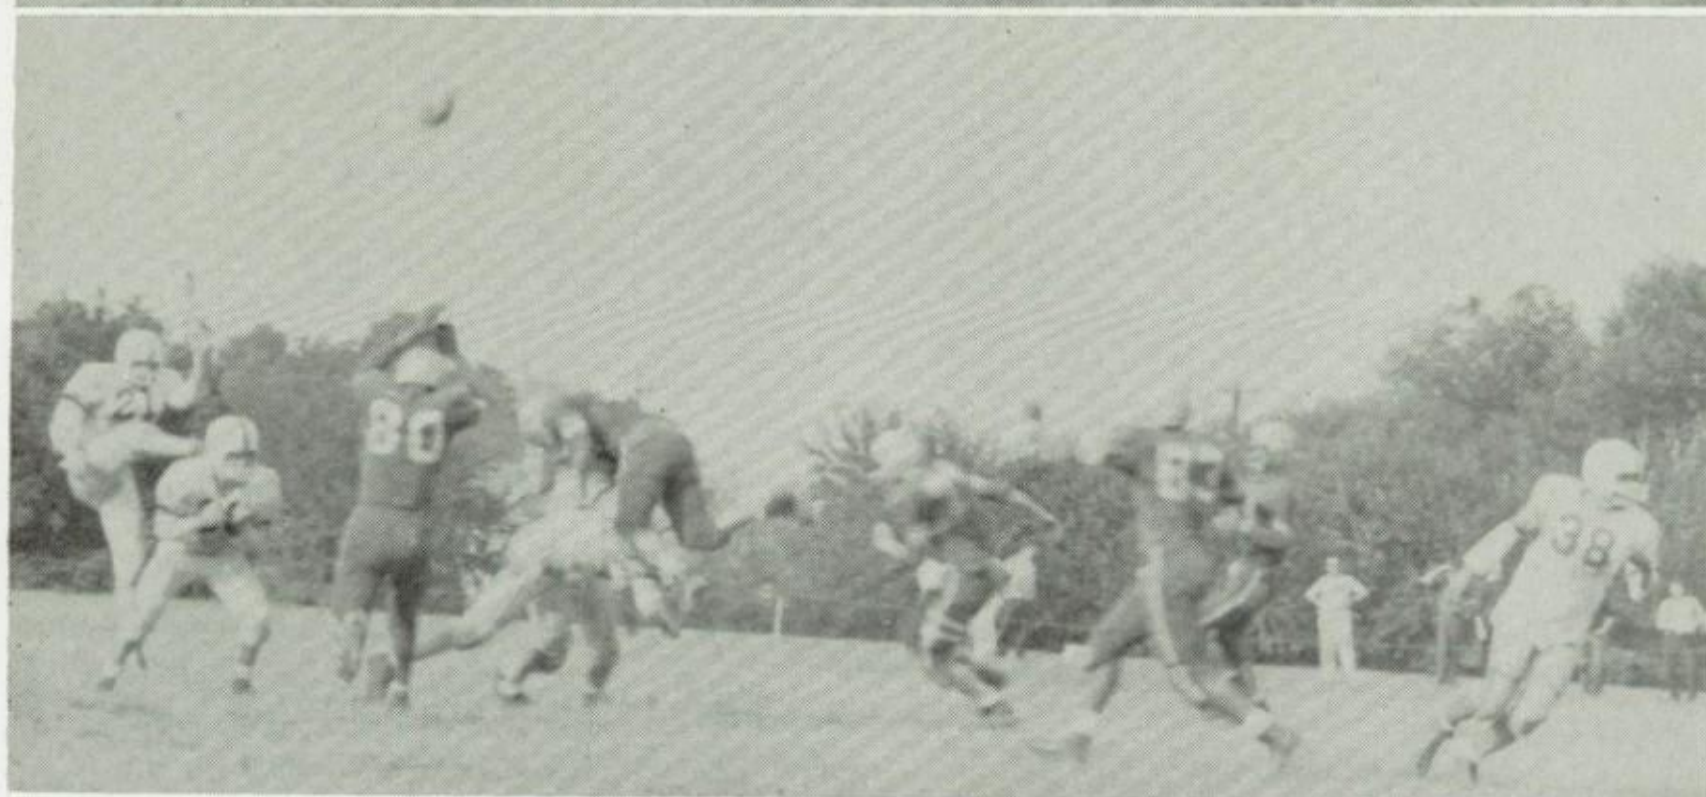

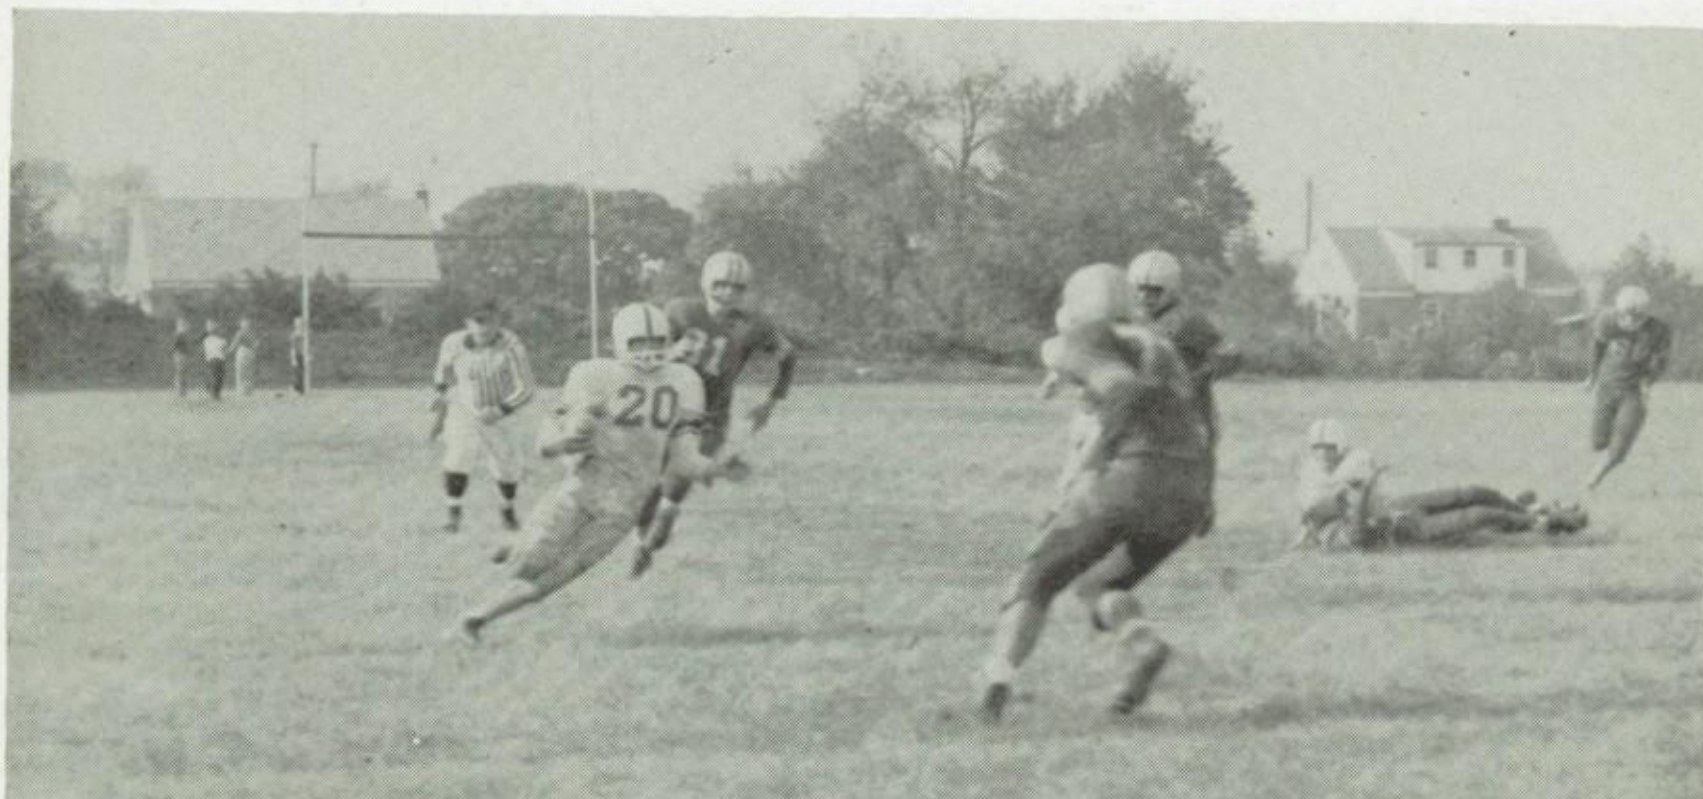

Resetar's boys, they showed much promise throughout the entire season and were never once kept out of the scoring column. This can be attributed to outstanding play by Jon Waddel, Bob Walters, Ron Musselman and Lee Johnson.

The graduating seniors, although missing from next year's roster, wish the 1960 football squad the best of luck in the coming football campaign.

Seniors: Lee Johnson, Richard Aiman, Ed Creter, Jon Waddel.

Varsity Hockey

The hard-fighting varsity hockey team coached by Miss Baker and captained by Esther Cope and Amy Golden had quite a successful season. Although they won only twice, all their games were close and exciting. Their greatest accomplishment was their 1-1 tie with Pottsgrove. In

this game the "Lady Bluebirds" became the first to score against league-leading Pottsgrove. Amy Golden lead the scoring for the season.

The J.V.'s worked hard and gained much experience although they did not win any games. They were captained by Cathy Golden.

At the Collegeville-Trappe game our girls are fighting hard.

First Row: Ed Creter, Barry Smoyer, Tommy Bell, Billy Fenstermacher. *Second Row:* Al Rowland, Ron Musselman, Buddy Albright, Mr. High.

Varsity Basketball

Many severe obstacles confronted the 1959-1960 Bluebirds. Foremost among these was a lack of a gymnasium since the new high school building was not yet available. This handicap of having no practice floor and of playing all the games on foreign courts was responsible, in part, for the season's record of no victories and fifteen

defeats.

The leading scorer of the inexperienced squad was Captain George Albright with 101 points.

Coach High expects an improved team in future seasons when the new gymnasium will be available and a junior high team will play an enlarged schedule of games.

Buddy Albright drives in for a lay-up in the C-T game.

Action in the Pottsgrove game as Jon Waddel sets up a play.

First Row: Bill Clossin, Dwain Jones, Bill Bogan, Mike Waters, Herman Rose. *Second Row:* David Coull, Bill Hathaway, Mr. Robinson, Pete Ressler, Lloyd Keyser.

Junior Varsity Basketball

Although faced with the same problems which the varsity encountered, the young Bluebirds managed to gain one victory by defeating Bridgeport, and almost achieved victory in sev-

eral other close games. This good showing indicates that several promising young players will perform for S. H. S.'s future varsity team.

Baseball

Starting out poorly in the beginning of the season by losing their first four games, the Bluebird baseball team came on strongly, finishing the season with a .500 percentage, having six wins and six losses.

This year's team will suffer slightly from the loss of the graduated seniors, Ron Young, Donald Freier, and Bob Gaugler, but with several

underclassmen returning, the current Bluebird team shows much promise in the quest for the second baseball championship in the last four years.

The returning lettermen are: Ed Creter, Jon Waddel, Lee Johnson, Charles Whitman, and Ron Yerkes.

Four senior baseball players: Bud Albright, Ed Creter, Lee Johnson, and Ron Yerkes. Jon Waddel and Corky Whitman were absent when the picture was taken.

Jerry Long fields the ball in the game with Jenkintown.

Captain Ed Creter is going to catch that ball!
